

# Musical Stories

ready, set, explore!  
a summer music camp

Thank you for considering us for your summer schedule! Students will be led by experienced and well-trained teachers from the Boulder area who are highly involved in the music teachers' community. Our camp contains two tracks so every child can have a music-filled summer! Students will learn short group and duet performances to share with family and friends on **Friday of each session at 2 PM**. The video performance will be recorded for family members to enjoy. Students will also complete crafts throughout the week that they will be able to keep after camp ends.

**Adventurers** is designed for students in rising K-3rd grades and/or don't have any piano experience. We will learn the basics of music-making, how to write our own stories through music, and much more!

**Explorers** is designed for students in rising 4th-6th grades and/or have taken private piano lessons before. We will dive deeper into piano-specific activities, giving students a chance to perform with each other, play duets, and learn general music theory.

Below is a typical day schedule for our camp:
